

Could you help us

to improve what
we do and the
way we do it?

Are you a patient,
service user or
carer who has
something to say
about our services?

If so, we would like to hear from you.

Your views and experiences are so important to making sure we get things right and we want to put you at the heart of everything we do.

You will have the opportunity to give your views when we design or change our services – helping to put patients, service users and carers at the heart of everything we do.

You will be given support to actively take part in meetings, with information available in easy read or large print, if you need it.

There will be training opportunities that can help you use your experiences and knowledge to improve quality, in partnership with our teams.

We are looking for interested people, who have personal experience of using our services in the past two years or are caring for someone who is using our service.

What does it involve?

You will be invited to attend friendly and relaxed meetings and join in the discussions and activities that happen. You will be able to claim reasonable travel expenses to attend meetings.

Get in touch

If you would like to be involved, please email kentchtft.engagement@nhs.net or phone on 01233 667810.
